

BigCommerce NetSuite Integration

Accelerate sales and fulfillment processes by syncing customers, contacts, products, and pricing in real-time.

Seamless BigCommerce NetSuite Integration

Empower your business with fully automated inventory and order management and boost profit margins with real time, two way, data synchronization between NetSuite and your BigCommerce storefront.

Folio3's NetSuite BigCommerce integration offers the best value-for-money by integrating your BigCommerce web store with the NetSuite ERP, accelerating sales and fulfillment, while automating core business processes and eliminating manual data entry.

NetSuite BigCommerce Connector Highlights

Centralized Stock Mgmt.

Manage inventory from one system across warehouses and keep it synced with external systems.

Easy Order Mgmt.

Automate sales order synchronization from BigCommerce and manage on NetSuite.

Swift Fulfillment

Provide shipment and tracking info to customers for orders fulfilled in NetSuite.

Consistent Product Info

Always have your product info, like color, price, size, description, etc., updated on your webstore.

Quick Refunds

Ensure consumer satisfaction by processing quick and timely refunds.

Added Functionalities

Add other functionalities like automated syncing of canceled orders, delisting items from the store, etc.

Painless Deployment

Get your integration set up and running with ease.

Extensive Customizations

Don't be limited. Customize your integration to fit your business needs.

Real-time Dashboards

Get end-to-end visibility of the integration and sync status.
